Professional Summary

Dynamic and results-driven software developer with over 3 years of experience specializing in front-end development using HTML, CSS, JavaScript, and ReactJS. Proven ability in developing scalable UI screens and REST-based microservices in a distributed architecture. Strong problem-solving and decision-making abilities, with a keen eye for detail and a passion for delivering high-quality solutions.

Education

Bachelor of Computer Applications (BCA)

Rourkela Institute of Management Studies

April 2019 - October 2022

Rourkela, Odisha, India

Work Experience

Software Developer

Bizviz Technologies

December 2021 - Present

Bengaluru, India

- **Dashboard Designer (Mar 2022 - Jun 2024)**
Designed and implemented various charts using JavaScript, jQuery, and AngularJS. Ensured cross-browser compatibility and responsiveness for all major browsers.
- **Business Story (Mar 2023 - Jun 2023)**
Developed and integrated charts for business purposes. Worked on AutoML to apply machine learning to real-world problems, displaying outcome data using Angular.
- **Data Preparation (Jun 2023 - Jun 2024)**
Led the UI development to upgrade the project from Angular 5 to Angular 14. Managed all UI changes and implemented data transformations using Python with SQL and MongoDB.
- **Data Catalog (Jan 2024 - Jun 2024)**
Created the project from scratch as the lead UI developer for enhanced data visualization and data hunting using Angular 17.
